

# ProScuba 2010

## Air, Nitrox & Trimix Price List

### Air fills

We have air available to 300bar at our Denby Dale base. Our breathing air exceeds current requirements for recreational and technical diving. All cylinders must be in test.

#### Air Costs

£3.00 single fill 220bar and £5.00 for 300bar  
 £28.00 for air fill card (10x220bar) and £45.00 (10x300bar)

air in 10ltr, 12ltr or 15ltr twin-sets are just double the prices

### Nitrox.....

Nitrox is available from 22% to 99%. Tanks must be O2 cleaned and meet current industry standards. All fills must be verified by the end user and the appropriate certificate produced and our nitrox log filled out.

upto 32% £5.00 pre-paid cards 10x32% = £45    ØØ twin sets = £9.00 prepaid 10x32% twin = £80  
 upto 36% £6.00 pre-paid cards 10x36% = £55    ØØ twin sets = £10.00 pre-paid 10x36% twin = £86  
 upto 40% £7.00 pre-paid cards 10x40% = £65  
 75% - 80% 3ltr = £6.00 7ltr = £10

Other mixes and fills are available, just give us a ring to discuss requirements.

### Trimix

Your certification must be produced to order trimix fills. **NO CERT - NO FILL**  
 We will need at least 24hours to fill trimix tanks.
